Verdell Lanier

Student Editor

"When I was a child
I played with childish
things, Now I'm a man so
I put away all childish
things."

DEDICATION FROM EDITOR

As Editor of the 1974 Stag Yearbook, it gives me great pride and honor to dedicate this book to a class of young adults who have reached one "unreachable star".

It is said that nothing good lasts forever, but the memory will always linger on.

I will always remember the grand ole football season. How hard it was to watch the team ignore us Monday thru Thursday in preparation for the game. Then on Friday the "faithful few" would huddle to keep warm and root for "our TEAM".

I often think about the Local gigs, when the "blue jean kids" would break out in the almighty tux." We can never experience these times again. For now we are the future. We are the creation of 1974.

It is up to us to establish ourselves in a new environment.

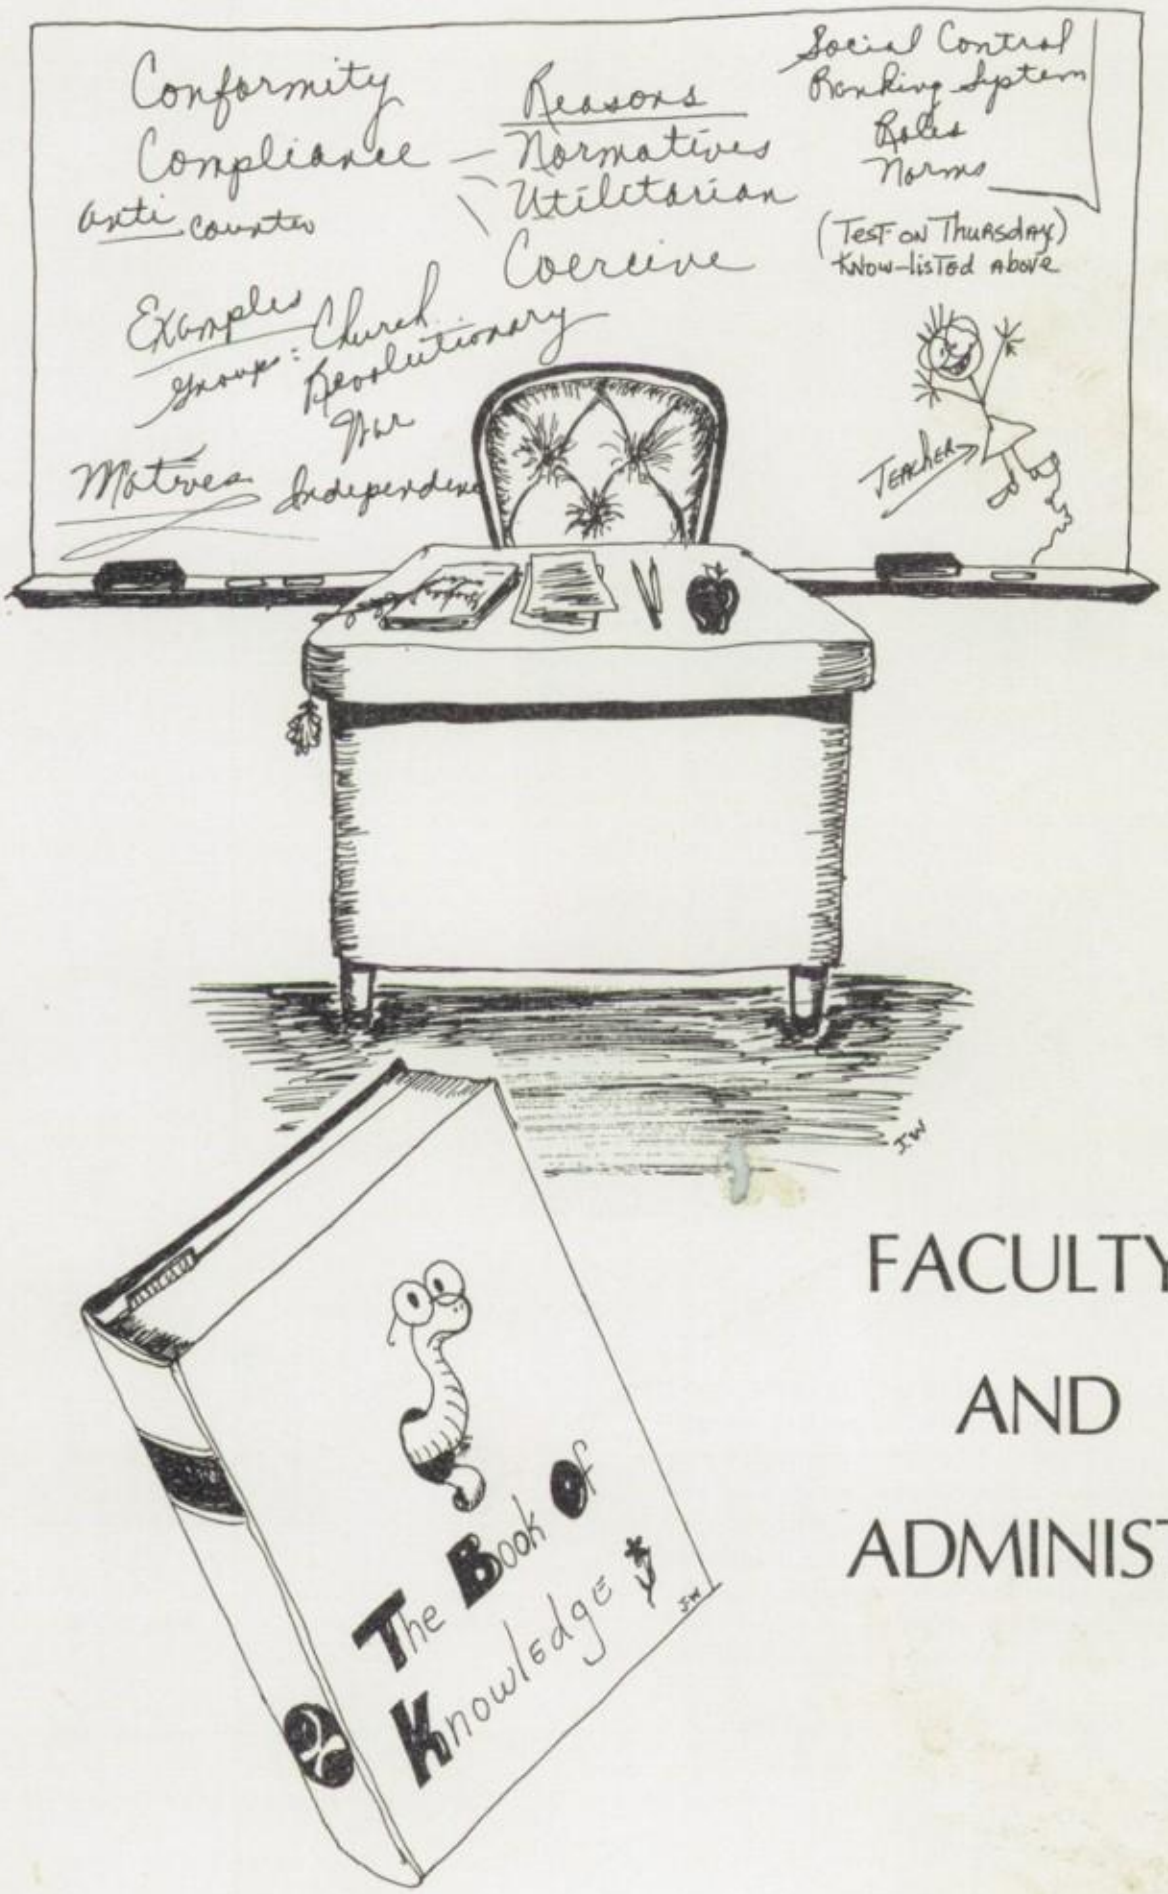
No longer will the halls of blue and gray be our refuge from 8 to 12.

Say farewell to good ole' SNOOPY! Farewell to those friendly pep talks in the lavatory. It's good-bye to drop-ins, sock-hops, Cedar Point weekends, spirit weeks, basketball and baseball games yelling GO BLUE!

The world is cold and often friendless. However we must attend to it diligently and with vigor.

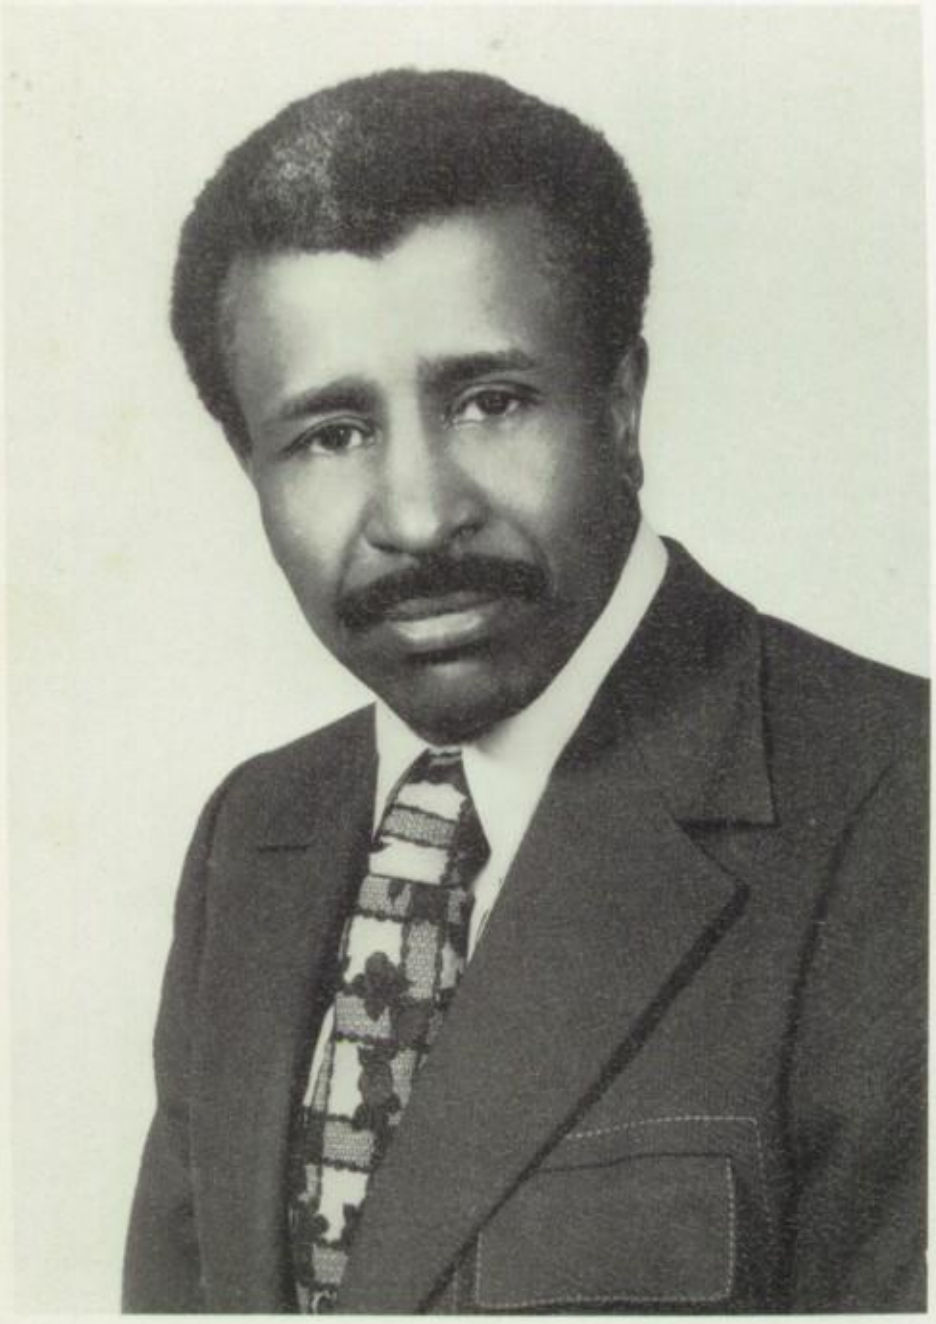
I sincerely hope that the communication lines once shared so uniquely between us will withstand the test of time.

We all have goals and dreams. Mackenzie was the foundation on which we must now build our lives. As we go our separate ways, let us keep this thought in mind.



FACULTY AND ADMINISTRATION

Administration



Principal
Mr. Cleon Gilliam

The cloak of leadership carries with it an awesome responsibility. Decisions must be made that, though not always popular, are for the good and welfare of the entire school. An Administrator who cares will show it by his willingness to work diligently to provide the best possible climate for optimum learning to take place. He will wear the cloak of leadership with confidence, pride, humility and courage. Mr. Cleon Gilliam is such an administrator and we're proud to have him.

Assistant Principal
Marvin Davis

Always there when you need him, he has continually offered enlightened guidance and support to Mackenzie students and staff.

Assistant Principal
James Roberts

The mastermind behind the programming of student schedules, he deals efficiently with rooms, class size, numbers, and course offerings.

Counselors

There are no words to aptly describe Mackenzie's counseling system.

It may be hard to really understand the pressures that each counselor is faced with during the new semesters.

They must see to it that every student in their group is in class and doing his/her best.

Mackenzie's counselors are among the best in the city of Detroit. They are unique individual's and each has a different system of dealing with the problems that face young black youths today.

The Class of July 74 will never forget them.

Joy Brady

John Chiodini

Exercises of the mind, best describes the study of English.

No two people interpret English or any other literature exactly the same.

Mackenzie's English Department promotes the idea of Freedom of Expression, whether it be in the dramatic reading and interpretation of Shakespeare or the relativity of modern day writers.

Growth of the mind is an important and vital asset in man's struggle for recognition.

In order to be effective in the conquest, the mind must be prepared.

The most valuable preparatory weapon is education, an education whose foundation is a solid English background.

It begins with high school level English — Make use of it!

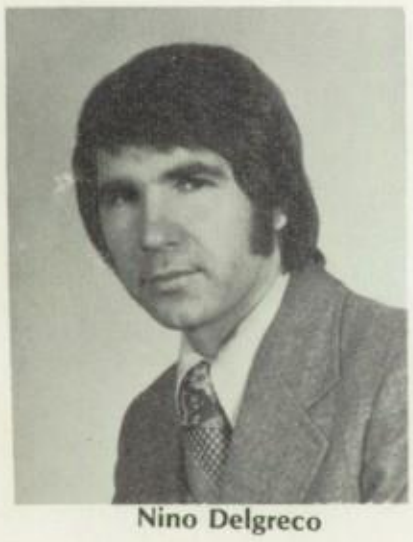
Foreign Language Department

Miriam Wilson

"He who is ignorant of foreign language knows not his own."

Elvera Haas

To use language is a special human ability.
To use language is to have added a power to oneself which enables one to deal with the world of people. A complete and accurate understanding of the various languages that combined make one whole world, is a step toward total peace. For in order to achieve peace, one must have communication.
Mackenzie's Foreign Language Department exemplifies such a belief and urges everyone to learn at least one foreign language.
Start on that step to PEACE!



Nino Delgreco

Richard Coleman
Department Head

Home Economics

The school Home Economics program stems from family situations, goals and interests. It is planned to enhance or compliment the life of the family.
Home Education today helps students to judge data appropriate to the solution of problems, to make observations, to reach generalizations, to experiment, and to make applications to concrete situations in personal, family, community or career life. It provides opportunity for students to discover, reorganize, and use basic concepts in making decisions and determining acceptable behavior.
The challenge of improving oneself in social skills is endless and stimulating. It draws upon and contributes to the best in our culture.

Science Department

Carl Chapman

Leroy Hyter
Department Head

Michael Courtney

Patricia Jenkins

Mackenzie High School is a Science Magnet School. As such, the Science Department strives to provide students with the knowledge and skills that will enable them to pursue both careers and higher education in the science field. Course offerings are varied and offer a wide range of experiences.

Science is a search for the general truths or laws of existence. It emphasizes the skills of observation and the ability to classify what is observed.

Beverly Johnson

"Men love to wonder, and that is the seed of our science."

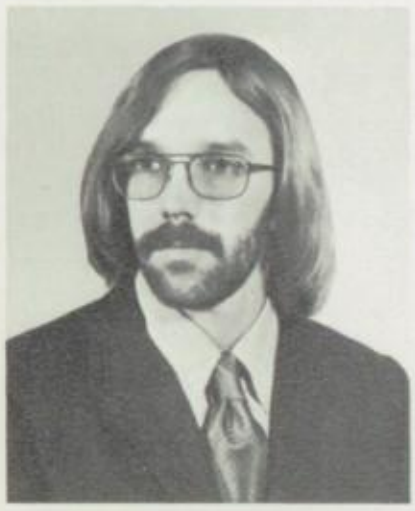
History reflects the best, and the worst of man's deeds. It focuses on his accomplishment, and chronicles his defeats. It sings of his honor and defame. The Mackenzie Social Studies Department offers students the opportunity first to learn and then to profit from the lessons of history. It encourages good citizenship, and active participation in the processes of government. It promotes an appreciation and understanding of the many multi-racial, and ethnic contributions made to American society.

Harry Segel



Thomas Skinner

"History is a cyclic poem written by time upon the memories of man."

Math Department

Ernest Carhart

Gerald Henry
Department Head

McArthur Mickens

Walter Moyns

Archie Lytle

Webster defines Mathematics as "a science that deals with the relationship and symbolism of numbers and magnitudes." In a practical sense means being able to deal with the everyday problem of everything from buying groceries to figuring out income tax.

Artistically, it provides students with an appreciation of the many geometric forms present in nature as well as art. Mathematics, then appeals to the mind and soul.

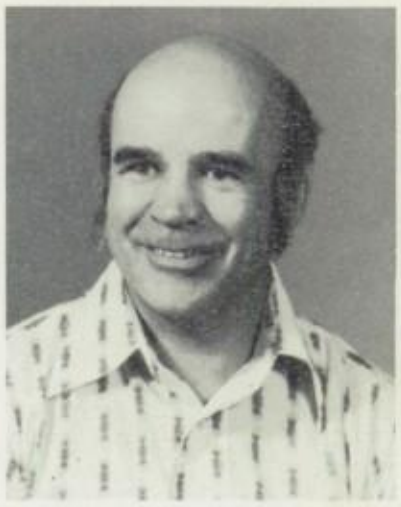
Stanley Mullin
Department Head



Ernest Charbonneau

Rolande Kirouac

Roland Oliver

Marion Wooley

Robert Dozier

A healthy mind must have a healthy body in which to live. Recognizing the vast importance of such an association, the Physical Education Department offers students a variety of experiences geared toward developing strong muscles and good co-ordination.

Character development is not neglected as qualities such as sportsmanship, honesty, a desire to compete, and teamwork are emphasized.

A student, successfully completing two years of physical ed. at Mackenzie is able to look back to a time of healthy fun, invigorating exercise and stimulating competition.

Fine Arts Department

Conwell Carrington

Robert Jones
Department Head

Alfreda Booker

Sylvia Chover

Diane Hochberg

At Mackenzie, the Fine Arts Department Staff is a source of encouragement to many students. Teachers work on the theory that everyone has some creative talents, so they try to help them find them.

The Department, besides giving students a knowledge of materials used in art work, strives to bring about a broader, more sensitive realization of life.

Its main objective is to help students see, feel and appreciate the world about them.

Young people who wish to explore their own creative imaginations often choose to study courses such as music, drawing, painting, library and art exploration. The Fine Arts Department suggests early interest in creative arts as the best outlet for self-expression.

"Music, the greatest good that mortals know and all of heaven we have below."

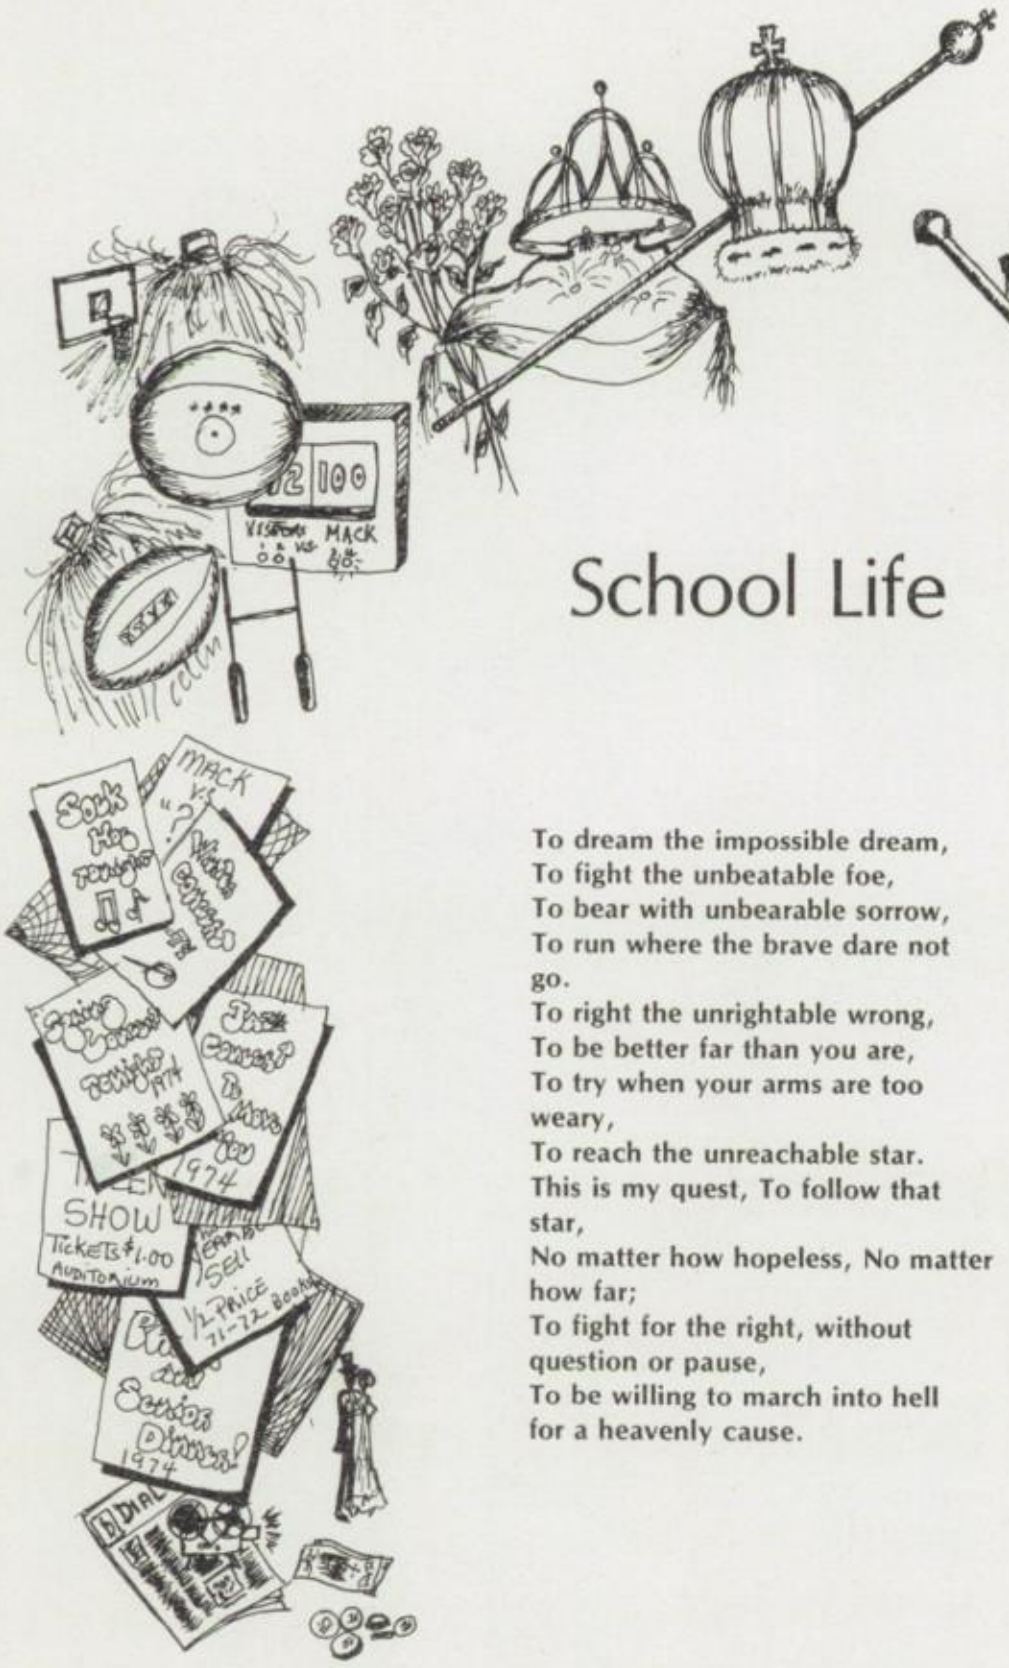
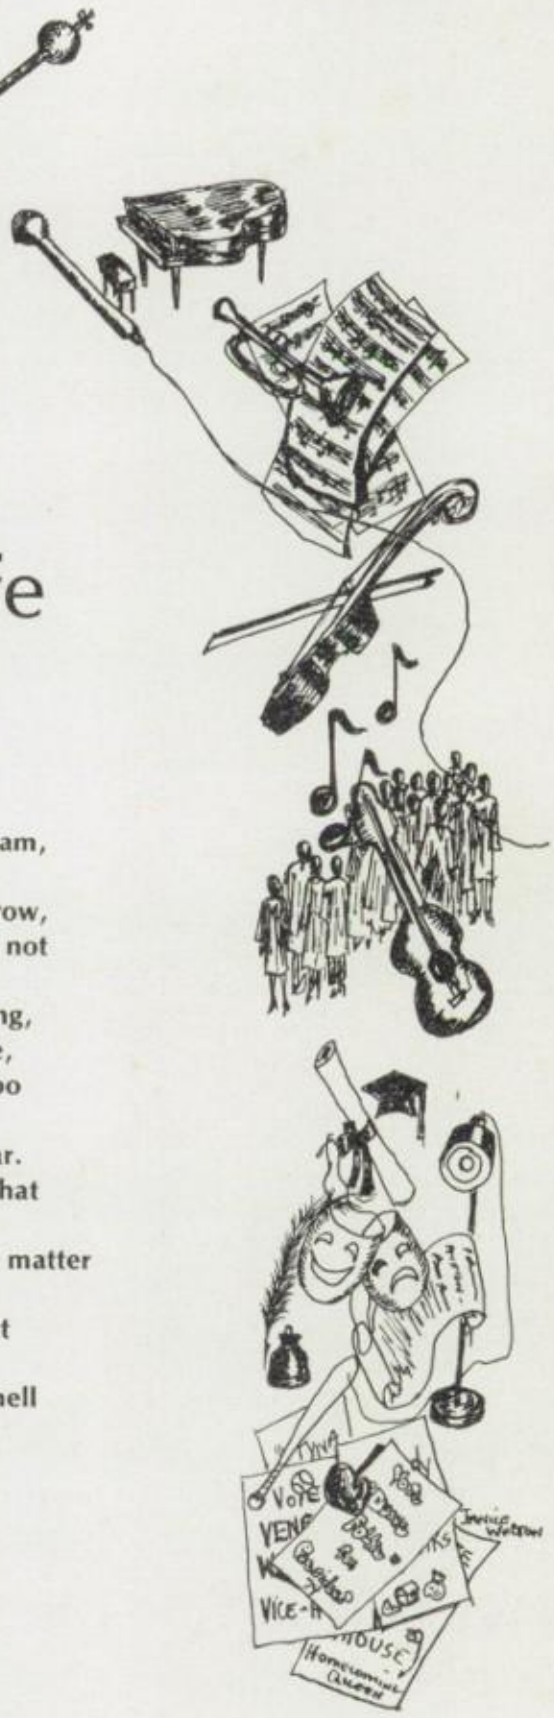
Warren Heier

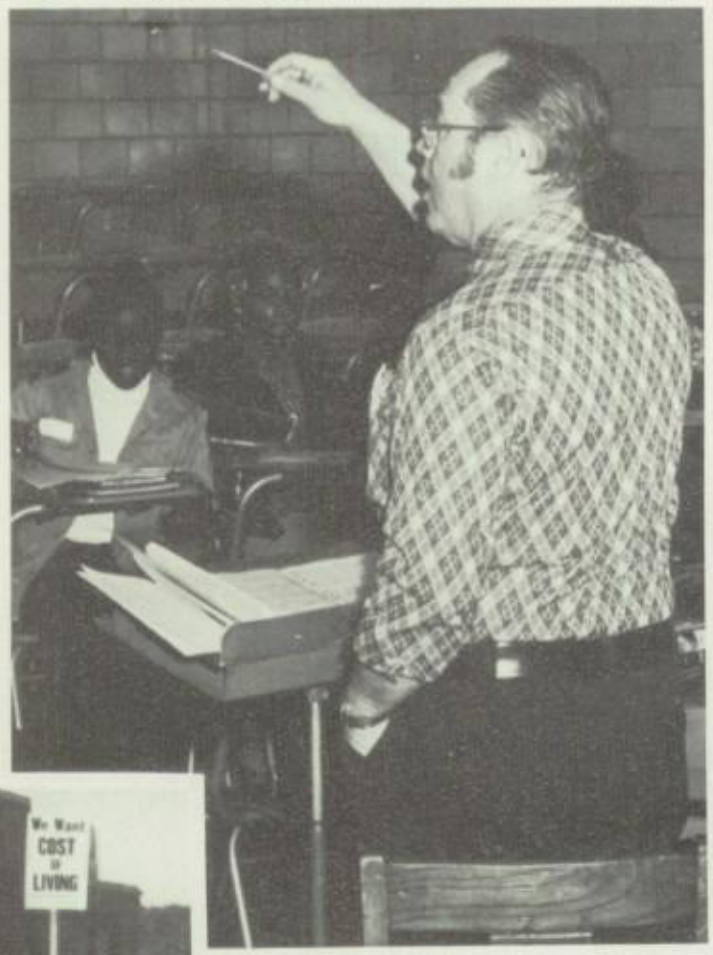


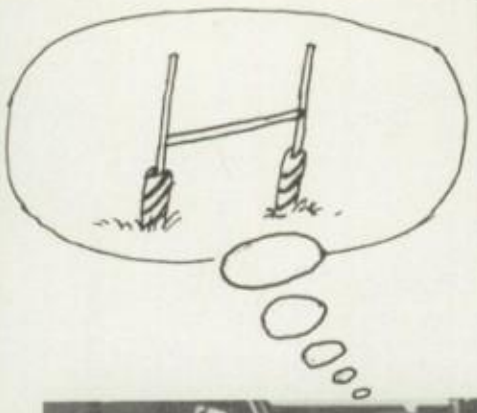
School Life

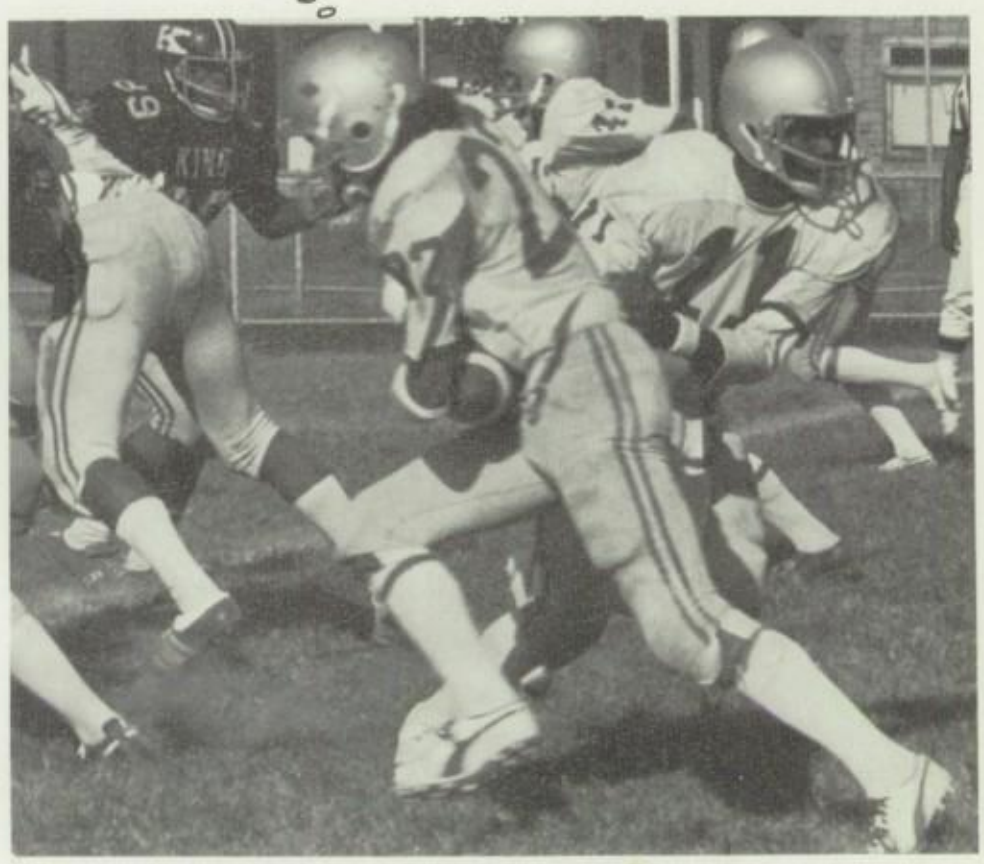
To dream the impossible dream,
To fight the unbeatable foe,
To bear with unbearable sorrow,
To run where the brave dare not go.
To right the unrightable wrong,
To be better far than you are,
To try when your arms are too weary,
To reach the unreachable star.
This is my quest, To follow that star,
No matter how hopeless, No matter how far;
To fight for the right, without question or pause,
To be willing to march into hell for a heavenly cause.

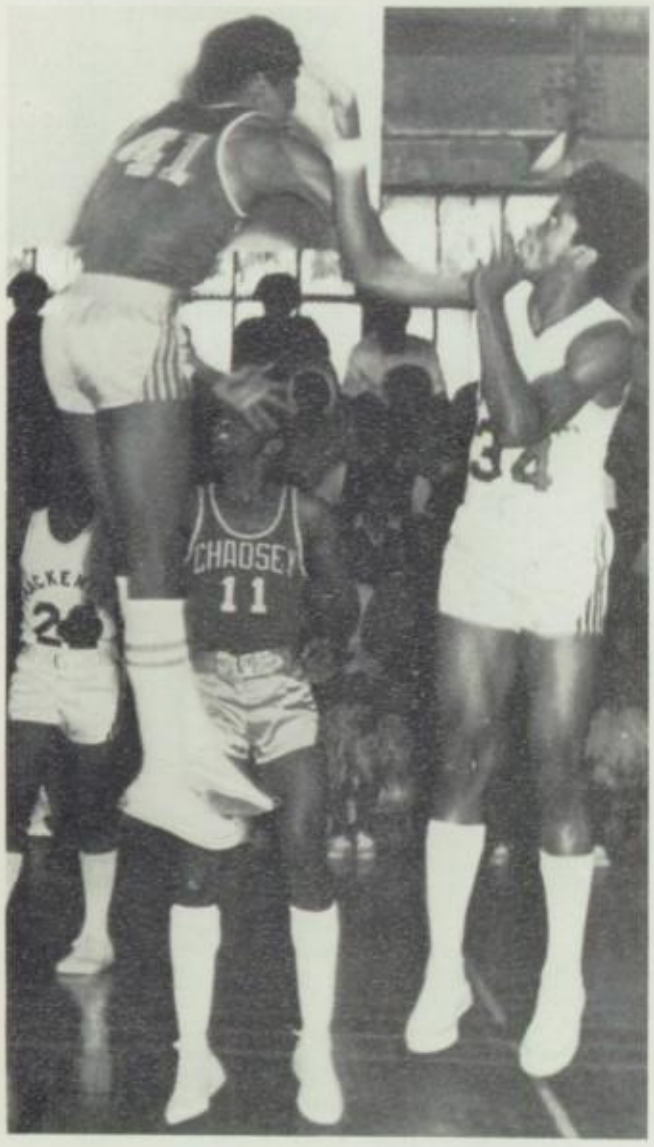


To dream the impossible dream

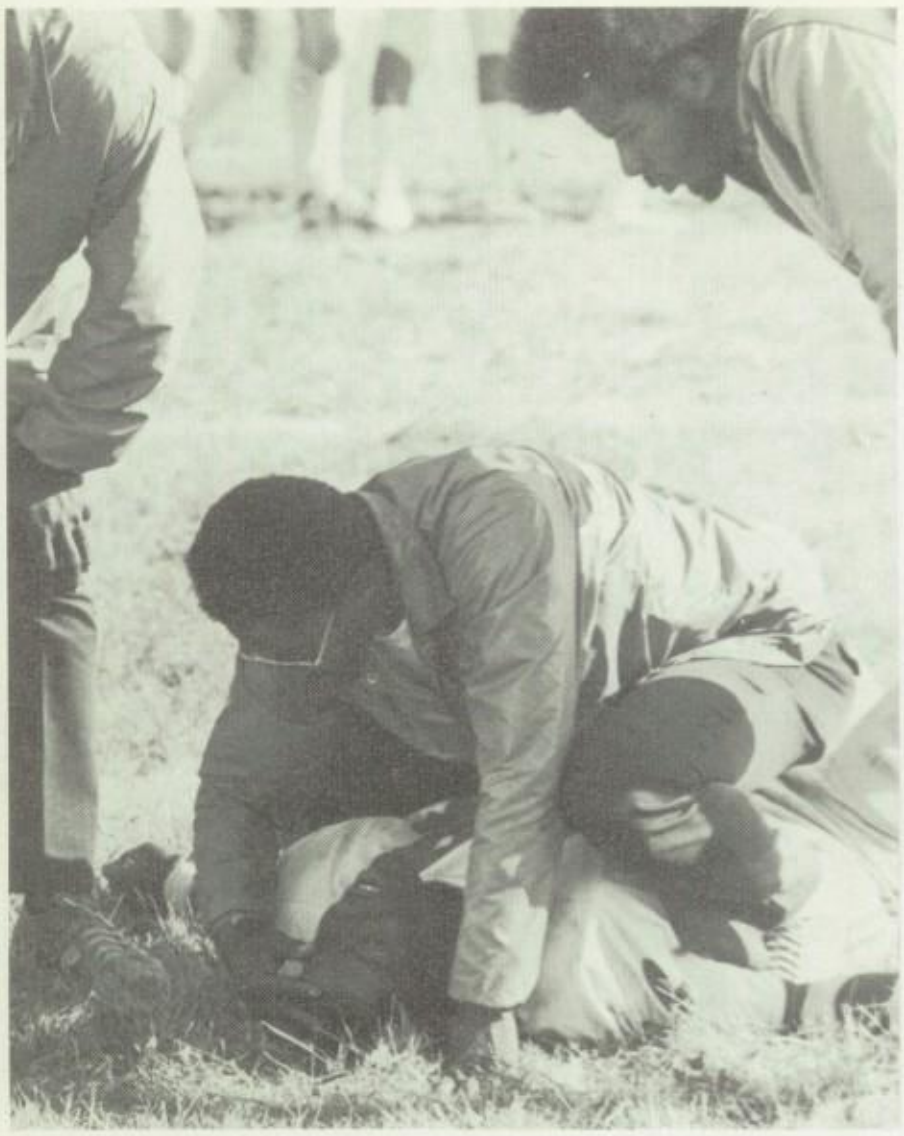






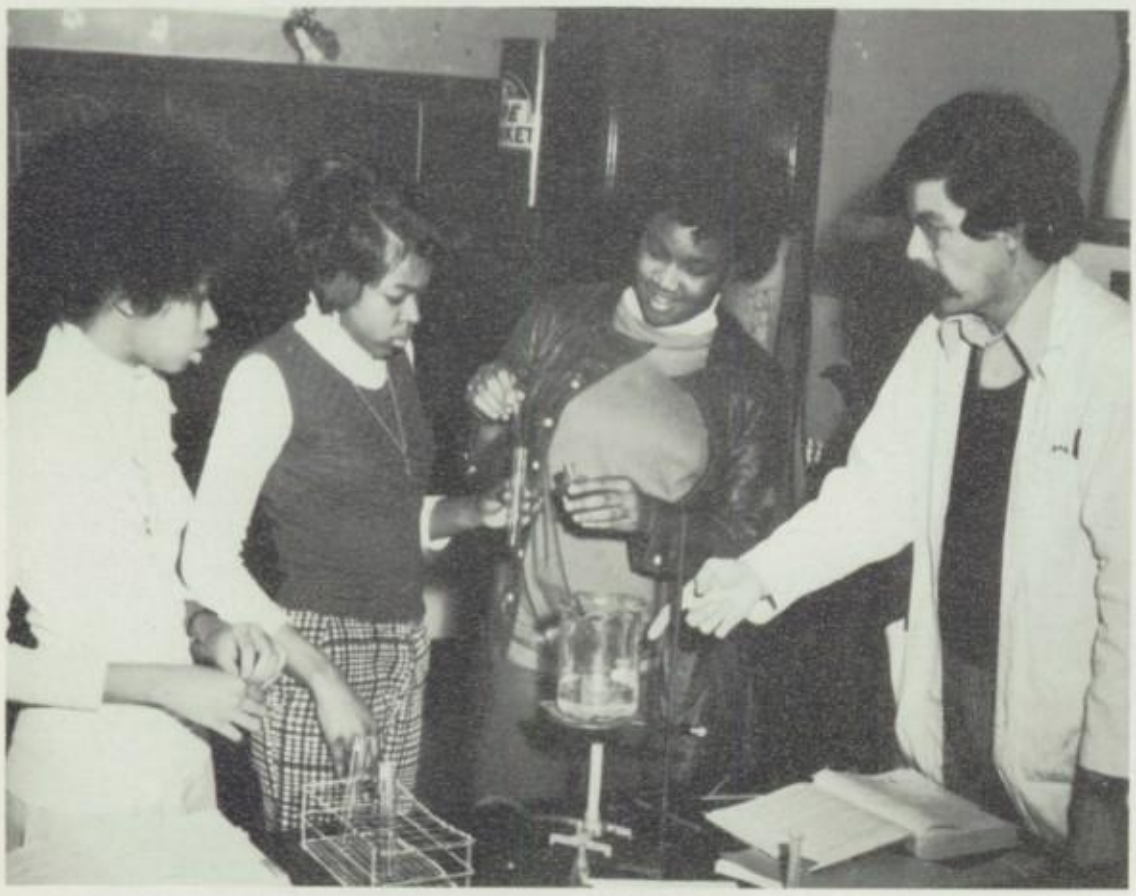


To fight the unbeatable foe



To bear with unbearable sorrow

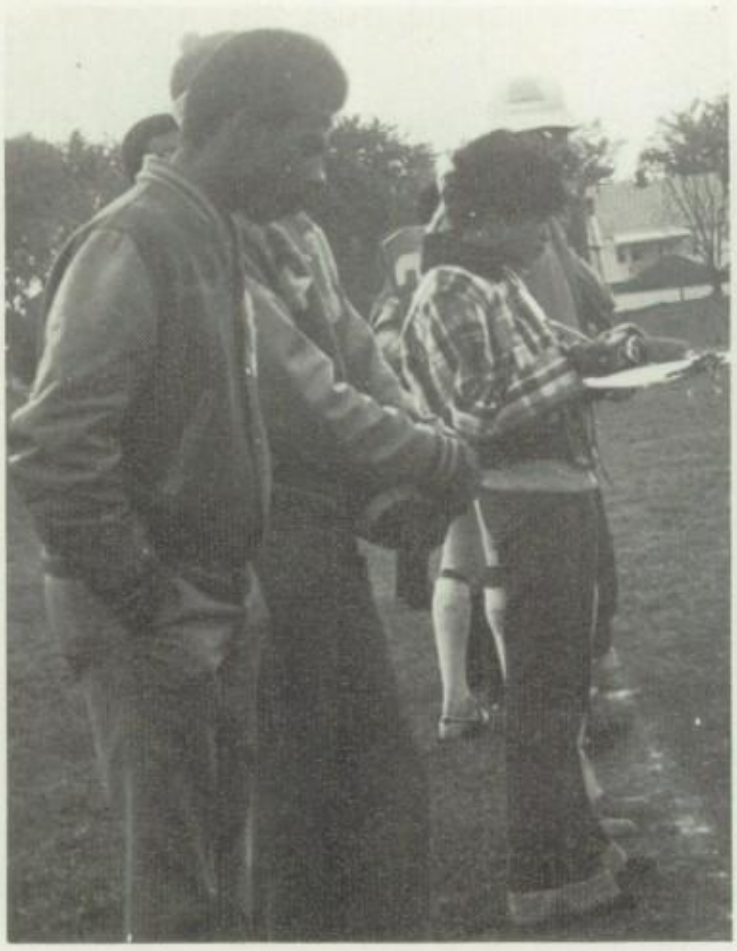
To run where the brave dare not go

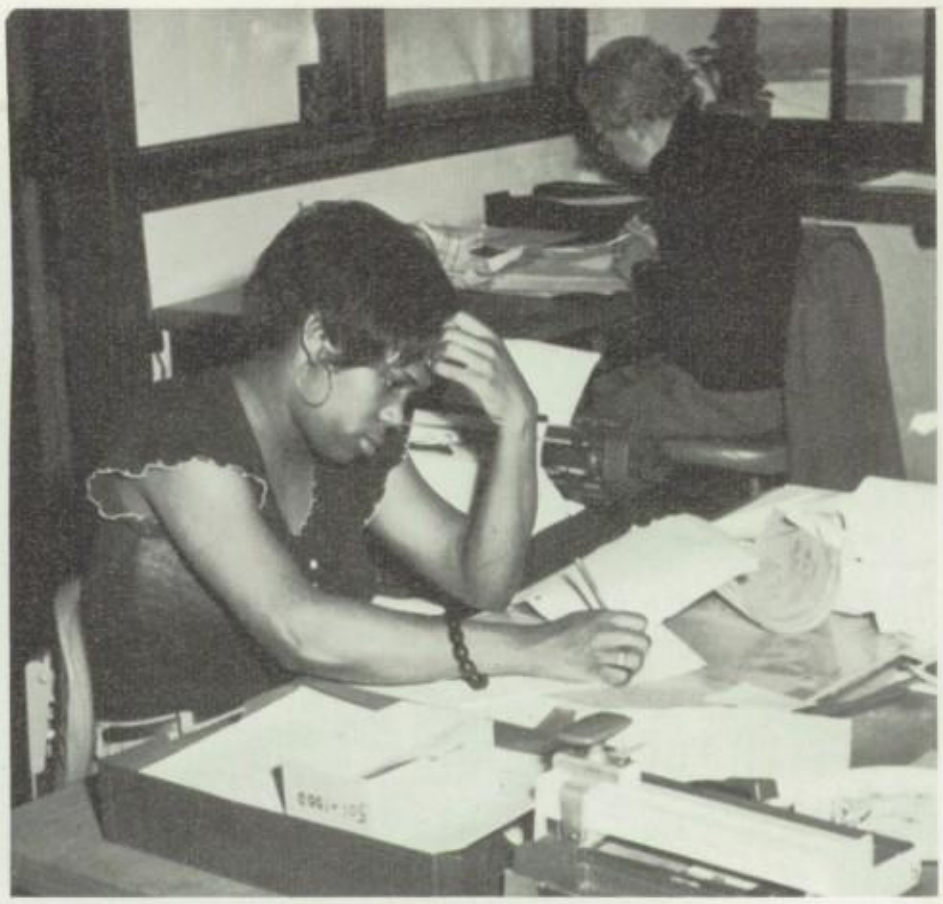


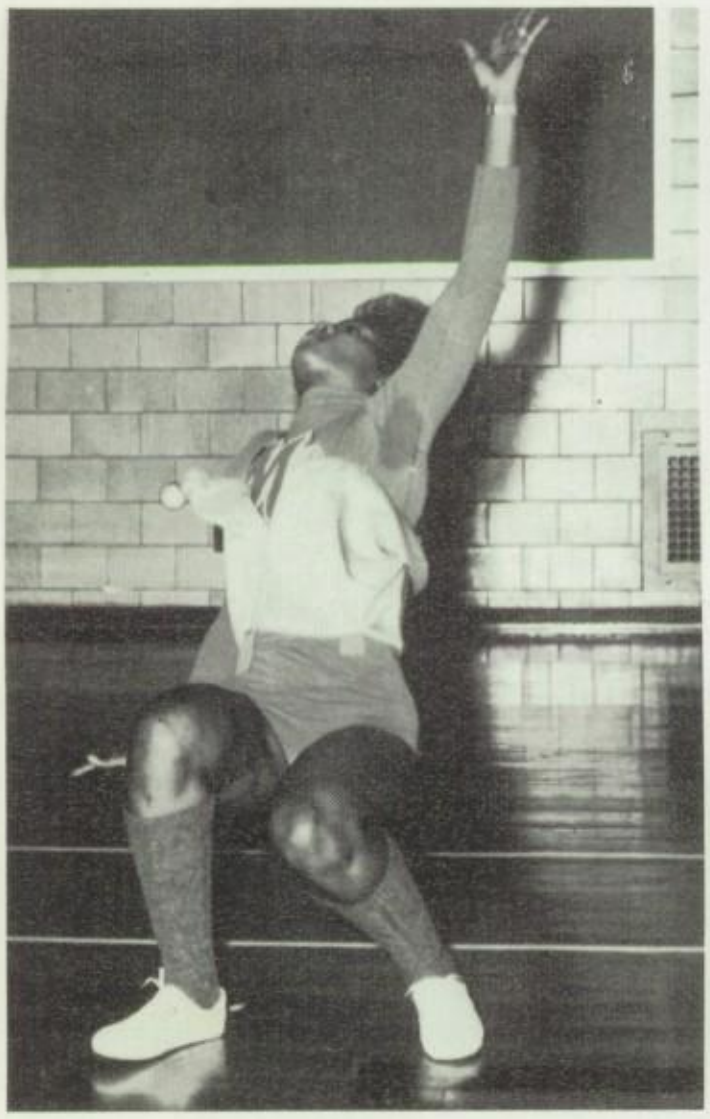
To right
the unrightable wrong

To be better

far than you are





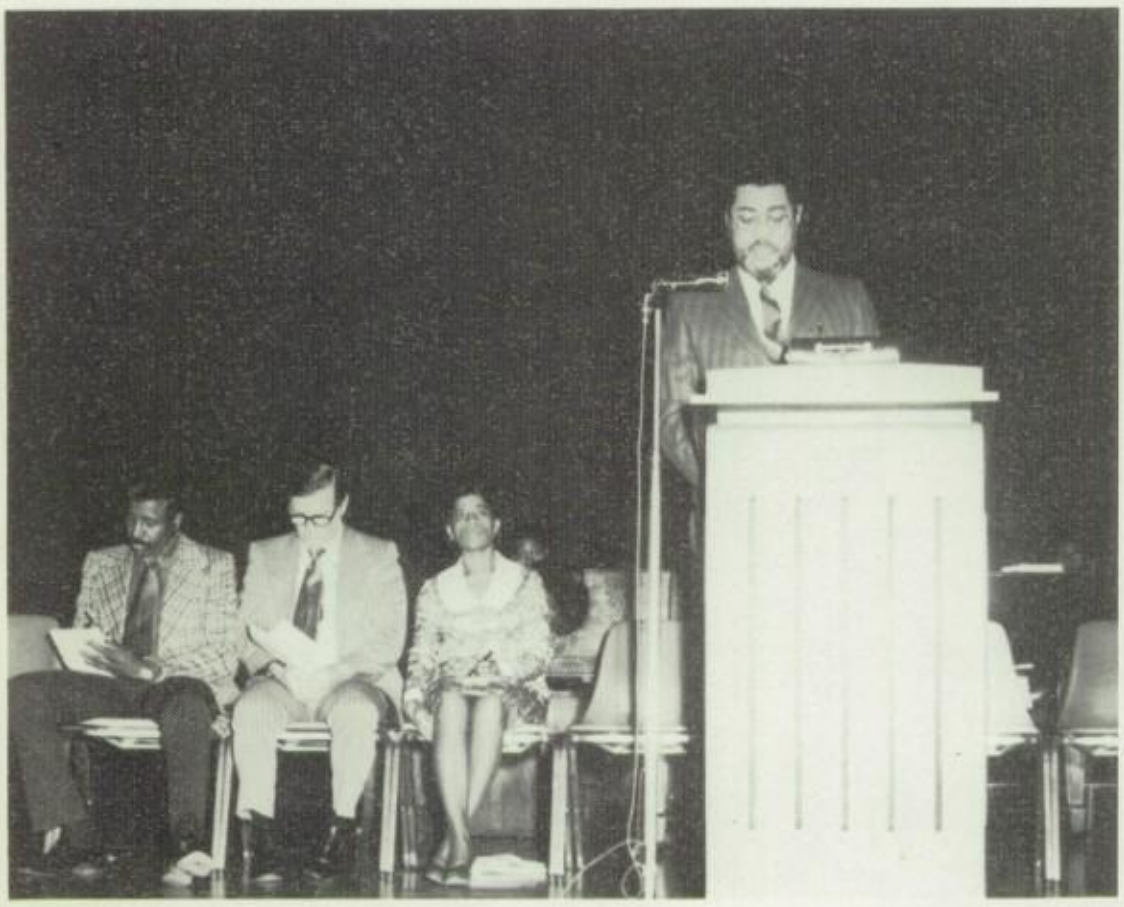


To try when your arms are too weary

To reach the unreachable star

This is my quest,

to follow that star



No matter how hopeless,

No matter how far

SPORTS

The 1973-74 sport season at Mackenzie High School saw the mighty Stag teams perform with talent, honor, and courage. In football, Coach Dozier's team went to the Division, and was narrowly defeated by Redford High. Coach Richmond's basketball power progressed to the State Tournament only to suffer a narrow defeat in the second game to Chadsey High School. Whether it is football or basketball, swimming, tennis, track or baseball, Stag teams will continue to demonstrate the hard work, sportsmanship, and teamwork which have always been a tradition at Mackenzie High.

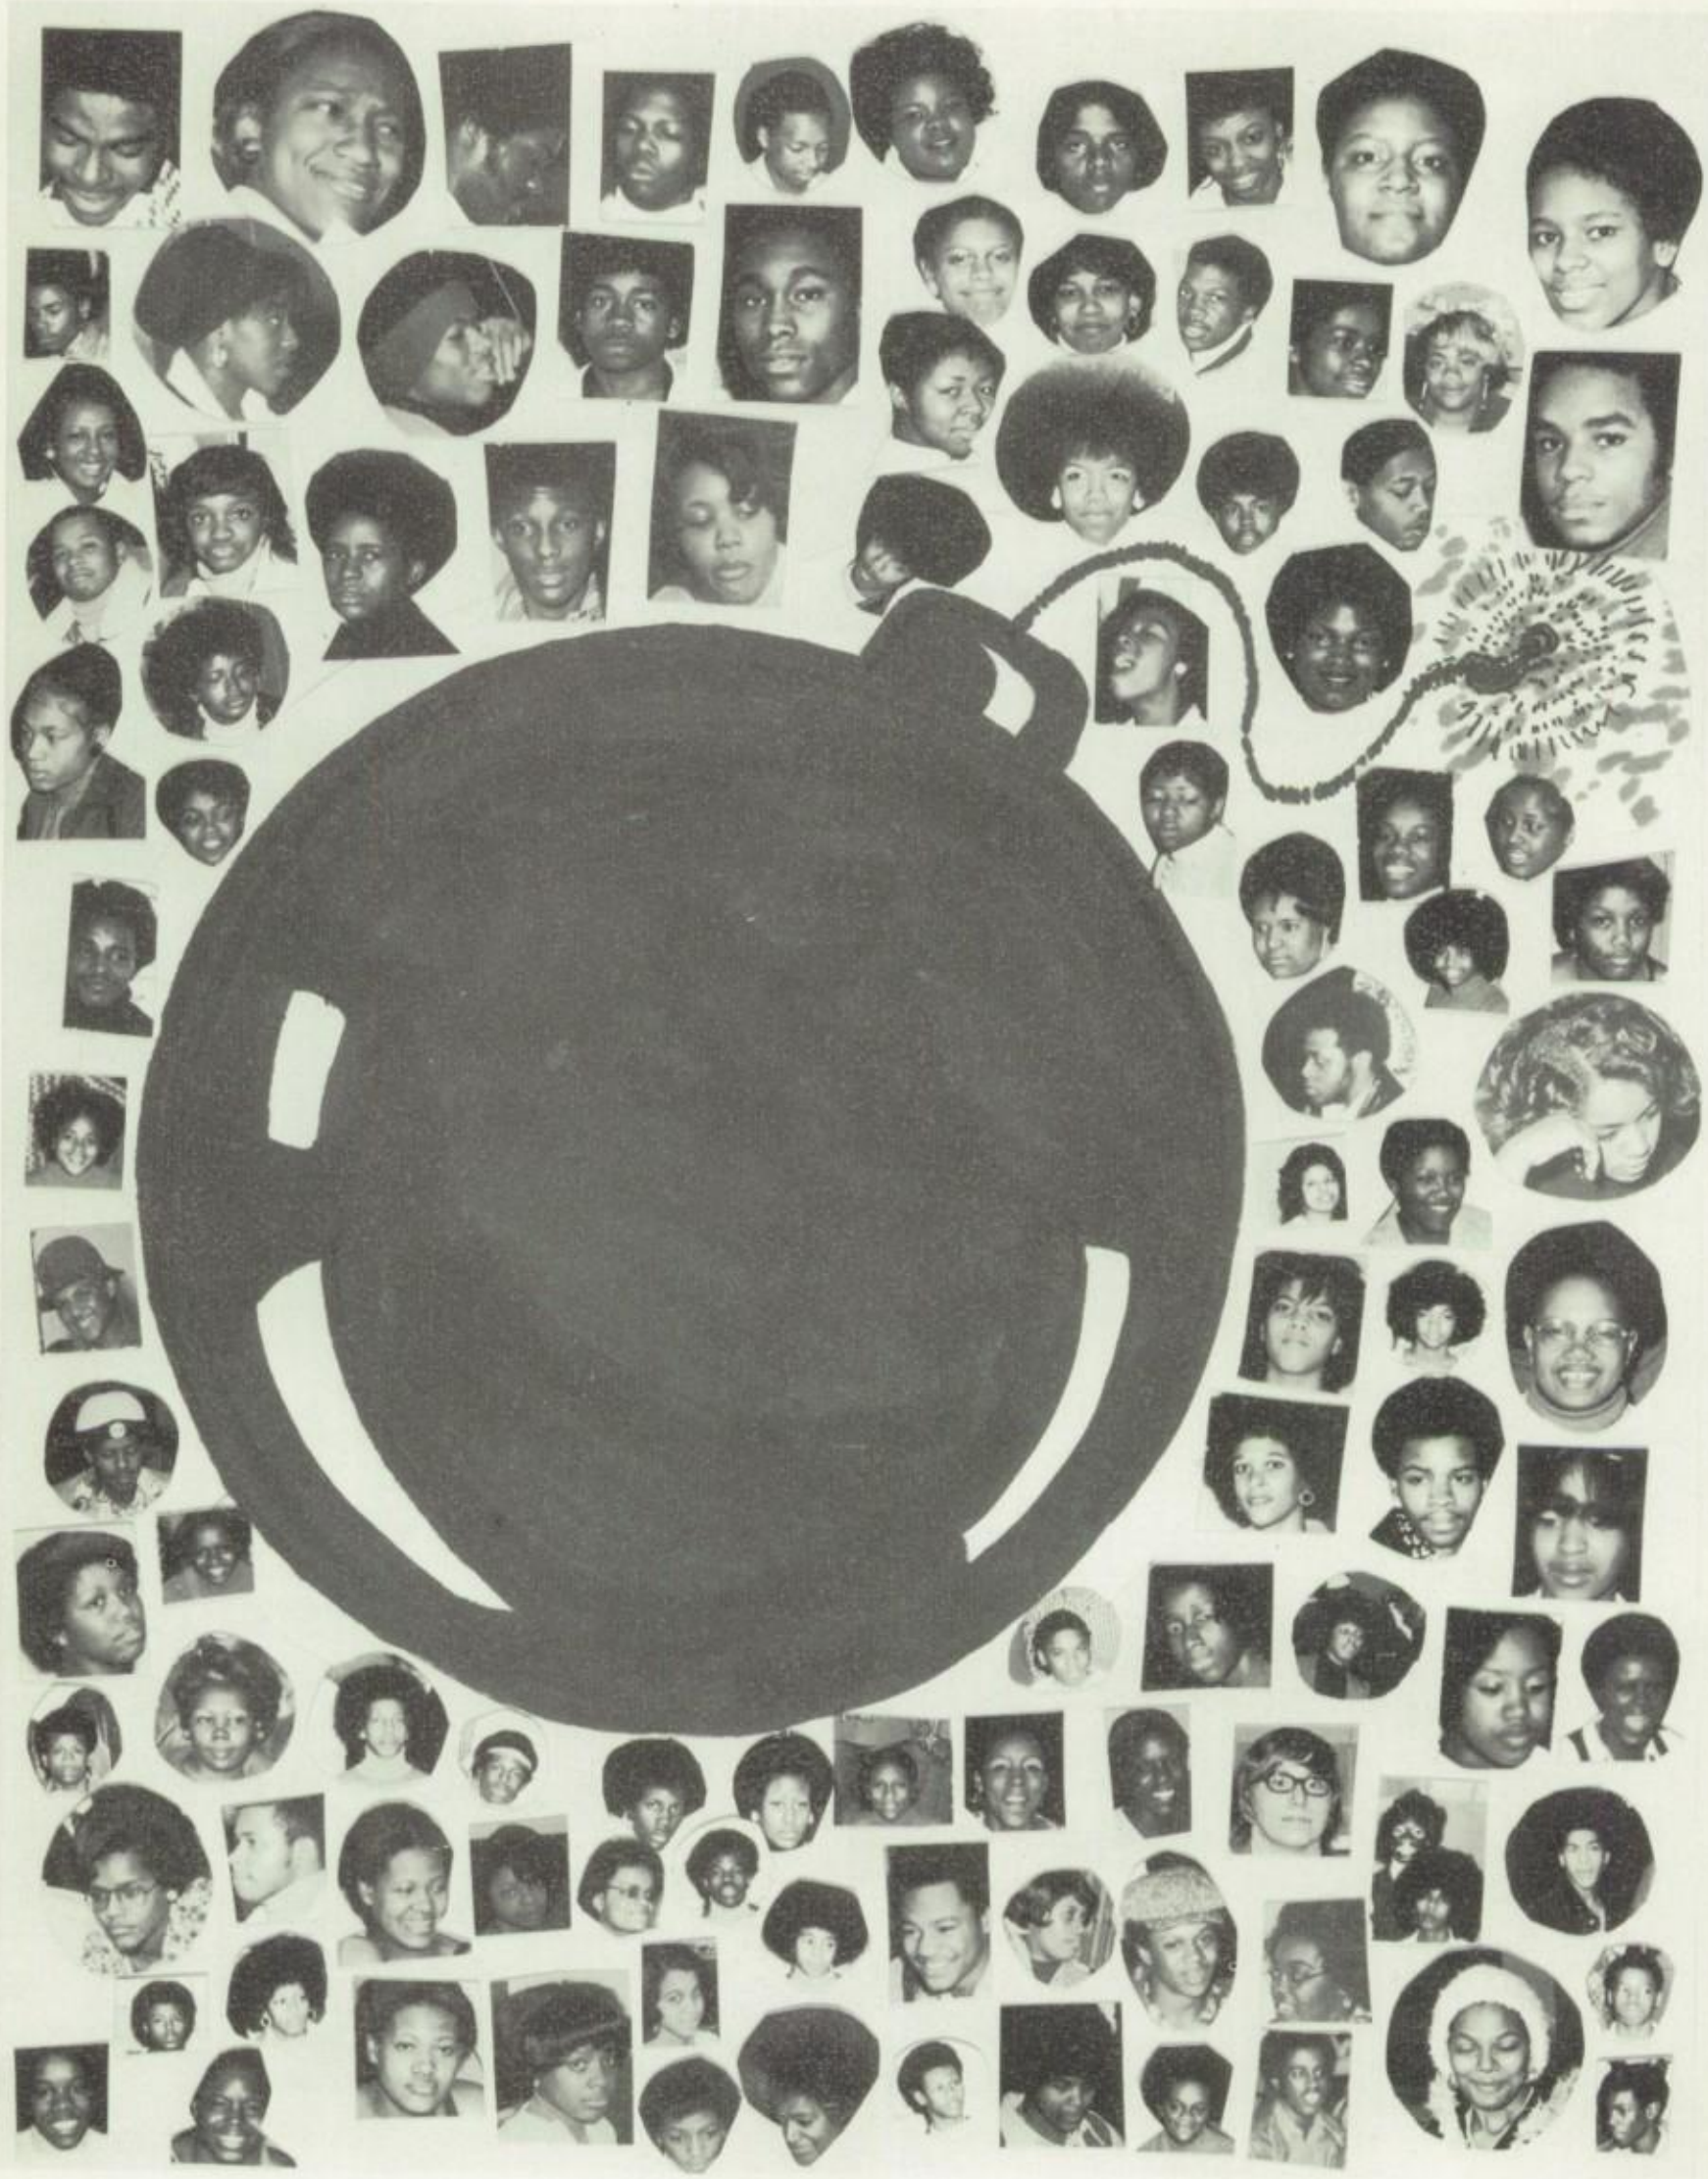
COMMENCEMENT

SPEAKER

_____

Mackenzie



74

About time we found some dates

Six hours and still nobody's asked me to dance

Now promise you'll leave Mack if I give you this award

Make up works wonders doesn't it?

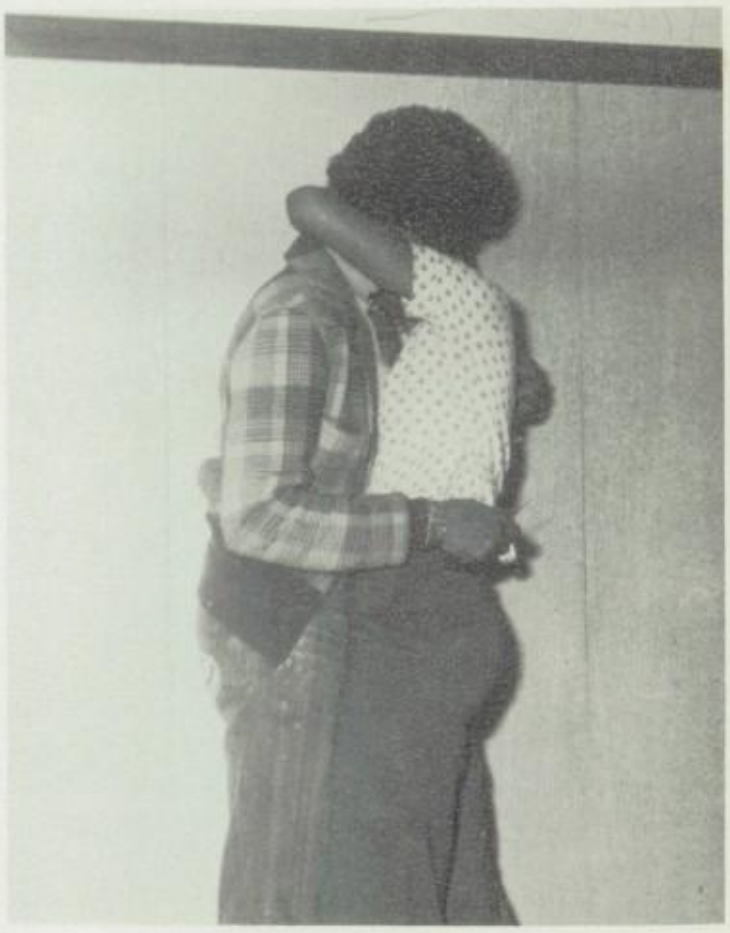
Stags go better with Coke

How did I get psyched into coming to this?

Prayer works wonders children, even on Econ tests
[if it don't then you can always cheat]

What do you mean you don't want to play leap frog?

A typical Mackenzie lunch, mush ala mode



Everybody saw you [if not they see you now]

Have You Got School Spirit?

RIGHT ON CORNER

Mr. Marvin Davis: for always being there to support student activities at Mack.

OH YEAH band. Ask anyone and they'll say "OH YEAH, they really played!"

Willa Brooks Wins Contest

Since the beginning of the semester Mackenzie has had five psychologists roaming its halls. None of the five are black.

VENESTA WILLIAMS

ROVING REPORTER

By SHEILA PARKER

I, Raynard "Zig" Zeigler, being of sound mind and body, give my love to Karen C. Townsend

By DARNELL JACKSON

The conduct of various teachers and parents at a recent Mackenzie School Community Organization meeting was shocking and immature.

For years while Mackenzie was under the "leadership" of Mr. Harry Goldstein, certain rules were "overlooked".

Verdell Lanier

"It's a challange and I'm a man who likes challenges," said Mr. Cleon Gilliam, former assistant principal at Henry Ford High School now principal at Mackenzie High School.

To the July Senior Class of '74

Best wishes for a happy and successful future. Working with you has been a tremendous and rewarding experience. May you continue in your enthusiasm, involvement and concern.

And to the

graduating Dial and Stag staff members a very special thank you for all of your talent, hard work and dedication. We'll never forget you.

We are proud of your accomplishments at Mackenzie High School and hope that you will continue to strive for success in whatever you attempt to accomplish. Never forget your parents, community, teachers, and friends who have been helpful to launch you on your way.

If you find mistakes in this Publication, please consider that they are there for a purpose. We publish something for everyone, and some people are always looking for mistakes.

Maxine Perry - Adviser

L. Kathryn Holt - Business Manager

The Mackenzie School

Community Organization extends

Congratulations and Best Wishes to our graduating seniors of 74

MSCO offers an opportunity for Meaningful Involvement, Participation

A voice in the Education of your children

The Greeks had a word to describe one who did not involve himself in his community and did not participate in the political life of the city. The word was "idiot", it described a person who was not a "whole" man or a "complete" citizen.

Greatness is not in doing extraordinary things but doing ordinary things extraordinarily well. Greatness is in doing your thing for your own community.

Let each of us as workers make our job our vocation.

Let each of us as businessmen make our financial venture a human investment.

Let each of us as parents make our house a home.

Let each of us as citizens make our community a neighborhood.

An Army Career Offers

U. S. ARMY RECRUITING

The man who qualifies for an Officer's Commission in the United States Army is a man apart from most men. He joins the company of dedicated American Leaders who in each succeeding generation have fought for and preserved our heritages.

You will enjoy the pleasure of living abroad, of working and getting to know people in other parts of the world.

You will have prestige, respect and personal benefits found in few career fields.

You will be able to retire at a relatively young age after 20 years of service.

If you are interested in the Army as a career, please send in the coupon below to:

Guaranteed 2 year assignment
in the field of your choice

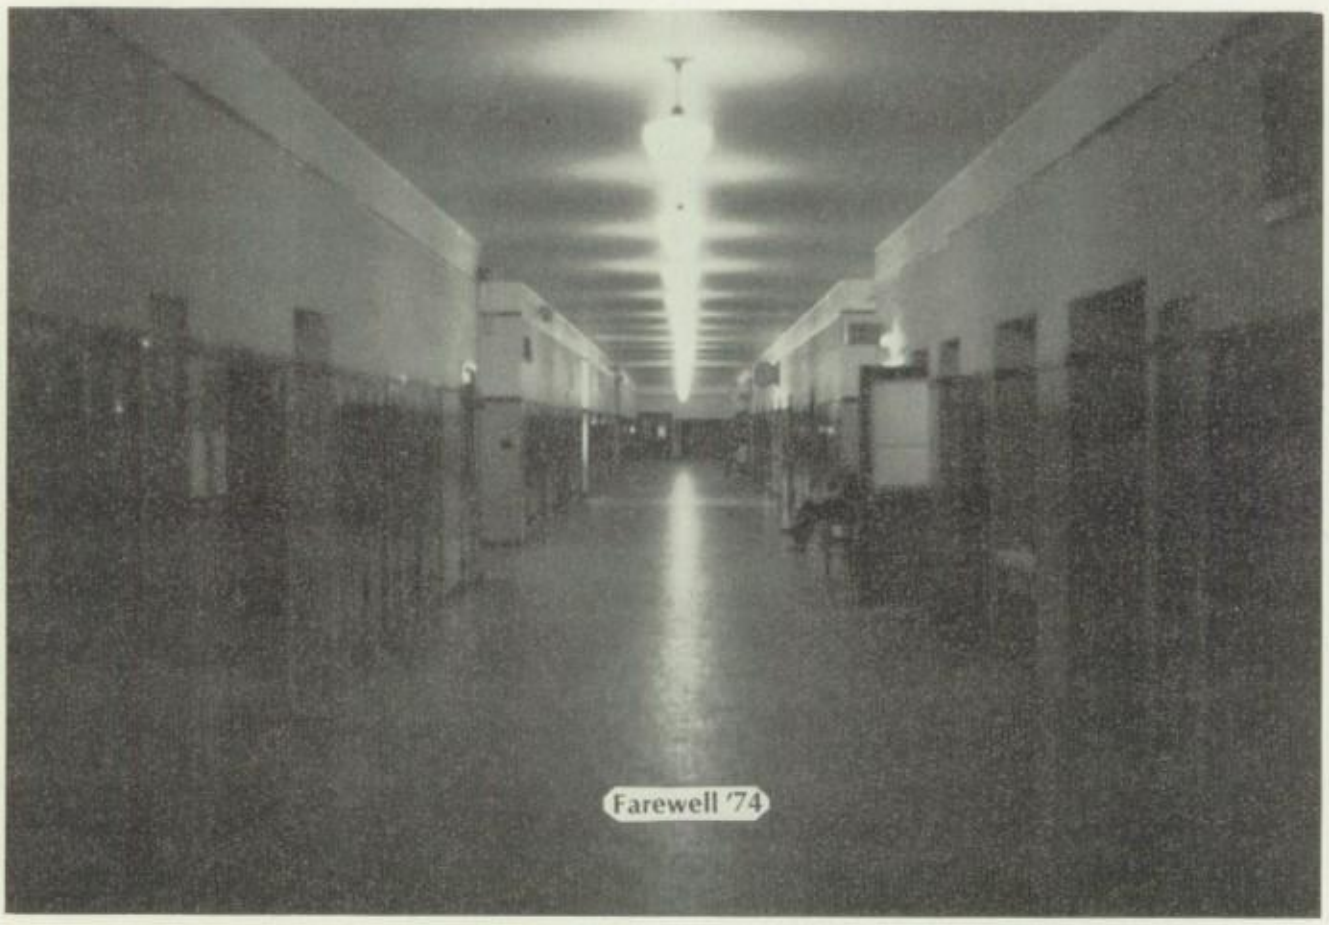
Numerous Career Opportunities



Yes, maybe you and I can't do great
things
We may not change the world in one
day
But we still can change some things
today
In our small way.
